

Christmas 2016

Dear Friends,

Good News! Jerry the Turkey is still with us. He has survived thanks giving and its looking ok for Christmas. I have been worried for him and know how anxious he gets at this time of year. Our goose feels just as vulnerable, bless them. It's a good job that they live with the goats to protect them from anybody that might get any Christmas dinner ideas...Seeing this picture of the housekeeping staff has not helped!

The news of Bird Flu is also worry thing them and the other birds that live here. I keep telling them not to worry because the staff here take good care of us and will follow all the guidelines.

It's been really busy at The Jonas Centre, even during these winter months. There are lots of people coming for Christmas and to celebrate the start of 2017 with us.

I'm really looking forward to seeing them and hope that they have a good time here. On cold days, the views from the Centre really are beautiful.

We hope to see you again at The Jonas Centre soon.

I hope you get a special Christmas carrot and a Happy New Year!

Sally the Shetland Pony.

P.S. The ducks and chickens all say "Hi!"
